Since 1994

Egepack isi desfasoara activitatea din 1994, punand la dispozitia clientilor o gama larga de ambalaje (toate tipurile de pungi, sacose personalizate, role alimentare, saci menajeri), folie stretch, pvc, shrink si masini de ambalat fiind una dintre cele mai mari firme producatoare si importatoare din Romania.

Filosofia Egepack este una foarte simpla pentru a crea atat valorile maxime cat si cel mai bun prèt pentru consumatori , telul nostru fiind sa continuam sa fim numarul 1 in piata prin raportul calitate/preț.

Intelegem ca multumirea deplina a clientilor este posibilă doar oferindu-le inca de la prima relatie informare, dezvoltare proiect, design, suport logistic si service dupa vanzare. In acelasi timp, ne dorim ca partenerii nostri sa fie multumiti oferindu-le promptitudine, corectitudine si o atitudine prietenoasa.

Egepack being one of the largest manufacturing and importing companies operating since 1994 in Romania, provides customers with a wide range of packaging (all types of bags, personalised bags, sandwich bags, garbage bags), stretch film, pvc, shrink and packaging machines.

Egepack philosophy is very simple: to create both the maximum value and the best price for consumers and our goal is to continue to be no.1 in the market with the quality/price ratio.

We believe that customer satisfaction is possible only by offering from the beginning full information, project development, design, logistics support and post-sale services. At the same time, our staff will have a prompt, fair and friendly attitude.
